GOLD, SILVER & BRONZE

The Christian Broadcasting Council obviously believe that Revelation TV is doing something right! Up against competition from 15 other Christian channels on the Sky platform as well as the religious programmes of the BBC, ITV and Channels 4 and 5, Revelation TV programmes were nominated in four categories for the CBC Awards.

When the results were announced at an Awards Dinner in Central London last month, Revelation TV won bronze for a Heroes of the Faith interview with Lord Alton, silver for an interview with Ian Paisley and gold for the debate between The Christian Party and the BNP. Rosalind Peters won silver for a programme she presented and produced on eating disorders amongst young people, as part of her RTeenz series. For the same film she won young filmmaker of the year award. The judges awarded two special 'heart' awards – one for 'An audience with Charlie Hale', and the other for Howard's interview with Richard Dawkins. All the programmes that Revelation TV produce are really the effort of a large team of

people including our viewers who pray for them and make them possible through their finances. A big 'thank you'.

THE COST PER HOUR OF TELEVISION

The Revelation Foundation's financial books are now with the charity's Accountants for auditing. They will show that Revelation TV kept its costs in the last 12 months to an amazing low £160.00 an hour. We praise God for showing us innovative ways of broadcasting without spending vast sums of money. Will you take up the challenge of sponsoring an hour of television, or part of an hour?

ROYAL WEDDING

In the week of the Royal wedding, Revelation TV gave time to two very important programmes about the importance of marriage. Jeremy and Jane's 'Thank God for Friday' was broadcast on the evening of the Royal wedding day and included footage of some rather young looking brides and bridegrooms on their wedding day. Do you recognise any of them? Answers on the reverse of this Newsletter at the bottom of the page!

LIVE AND INTERACTIVE FROM SPAIN AND THE UK

Revelation TV is broadcasting more live programming than at any time in its history. Regular viewers will recognise the names of many popular programmes such as R Mornings, Five Alive, Bible Study, She Matters, the Q and A show, the Late Show, Live at Nine, Simply the Truth, Classic Praise and so the list goes on. The vitally important Voice in the Wilderness show is now live 6 nights a week, three hours a night, and new programmes such as 'The Middle East Report' by Simon Barrett are already making their mark.

So why change things by announcing a new studio in Spain? We want to let you know that not one live programme will cease. All of the favourite programmes mentioned above, and more, will continue to be on Revelation TV. We are already planning for new challenging programmes and debates. But at the same time we want to be true to our calling and declare the truths of the Scriptures. The political correctness that exists in the UK makes it almost impossible for a television station like Revelation TV to continue to exist and speak forth the Word of God. That's one of the reasons why in 2010, Revelation TV began broadcasting under a Spanish licence. Some of the conditions of that licence include making editorial decisions in Spain and having the head office of the TV station there. Hence our announcement of now renting Spanish premises.

We continue to rent and broadcast from our New Malden premises. But the landlord of the New Malden premises did not renew the lease in March

of this year. At any time they can give us three months notice to move out.

Premises have been found in La Cala Mijas, on the Costa del Sol, at a considerably lower rent than we are currently paying in the UK. Under the terms of the lease Revelation TV can at any time in the next six years purchase the premises, at a price already agreed. Any rent paid in the interim period will come off the purchase price! The premises were formerly an underground car park. They still have the block of flats above them. Work is currently being done to bring them up to standard for Revelation TV to be broadcast from there. They need improved sound insulation, as well as air-conditioning, wiring, lighting, meeting of fire regulations etc.

This doesn't mean that we are only now starting to broadcast from Spain. We have been doing it for the last year using the villa that Howard and Lesley have been renting. Anyone watching the Q and A show, and the Late Show, have been watching programmes coming from Spain, as have some of the more recent Voice in the Wilderness programmes. All these programmes carry the same email address, text number and phone contact details as if they were broadcasting in the UK.

The Scripture God has been giving to us is Genesis 12:1-9, where Abram was told to get ready to move out ... and to see the blessings that would follow his obedience. We want to walk in obedience to what God is saying. Please pray for us.

Please pray for us at Revelation that we will do as Hebrews 12 tells us. "Lay aside every weight and the sin which so easily entangles us, and let us run with endurance the race that is set before us."

As you pray for us, we are praying for you.

Emails / Letters FROM VIEWERS

Finally, we would like to thank you so much for Revelation TV - it gives us confidence and encouragement to stand firm in our convictions where not many people seem to be aware of the events that surround us.

-Sam Price

I would be lost without your channel. I am kept up to date on the Israeli front and the Bible Studies are a must. There is so much to choose from.

-Doreen Anderson

You make my heart full with gratitude and praise and keep me informed of so many important matters.
